City of Cerritos Requirements for Art in Public Places

Program Background

What is the Art in Public Places Program?

The City of Cerritos Art in Public Places Program provides public art in the community in connection with new private development. Through the program, a fee totaling one percent (1%) of the project valuation is paid to the City of Cerritos for the provision of new public art. Alternatively, a project developer may place new artwork on the site of a new development or donate artwork to the City of Cerritos, at a value equal to or greater than 1% of the project valuation. The Art in Public Places Program is governed by Chapter 22.94 of the Cerritos Municipal Code.

What is the purpose of the Art in Public Places Program?

The purpose of the City of Cerritos Art in Public Places Program is to promote the general welfare by encouraging pride in the community, increasing property values, enhancing the quality of life through artistic opportunities, uniting the community through shared cultural experiences, and creating a cultural legacy for future generations through the collection and exhibition of high-quality art pieces that reflect diverse styles, chronicling history through the collection of artifacts, documents and memorabilia that will acknowledge the past and create programs and activities that will further these goals.

Fee Information

For what projects is the Art Fee required?

The Art in Public Places Fee ("Art Fee") is required for all new development projects, additions, tenant improvements, and interior and exterior remodels within commercial and industrial development projects, and residential developments of four units or more, with a building permit valuation exceeding $250,000.

How much is the Art Fee?

The Art Fee is one percent (1%) of the total permit valuation of the development project, excluding land acquisition and offsite improvement costs. The Art Fee shall not exceed $450,000.

When is the Art Fee due?

The Art Fee is due at permit issuance for minor projects such as tenant improvements and over-the-counter approvals. For major projects subject to Planning Commission and/or City Council review, the Art Fee is due before project completion.
